The word is increasingly used for such people as a collective group and/or a community. The world has seen many diasporas but scholars have been studying the phenomenon with great interest only in recent decades.</p> <p>Among the great diasporas of history is that of the Jewish people, who were forced to leave their lands in ancient times. The movement of Aryans from Central Europe to the Indian subcontinent thousands of years ago is also a noteworthy diaspora, although the causes of this diaspora are unclear. In twentieth-century history, the Palestinian diaspora has attracted a lot of attention and been a cause of concern for world leaders because of the plight of Palestinians. There have been massive diasporas in Africa, too, over the centuries, either because of war or because of the ravages of nature. But the chief reason why the phenomenon of diaspora is attracting so much attention now is globalization.</p> <p>Vocabulary: Diaspora-(foreign-- ant-native), Phenomenon - (matter/ affair), Ancient -(old / primitive Ant-modern/ updated) , Noteworthy -(important / outstanding Ant-common/ general) , Concern- (interest / involvement Ant-unconcern) Plight-(predicament-দুর্দশা Ant- solution), Ravage- (damage / devastation Ant- creation)</p> <p>A. Evaluation	<p>What has globalization to do with diaspora?</p> <p>Answer: Globalization has made the world a global village creating a borderless market. It has made the world smaller with its economic activities. To change the fortune of the people of comparatively poorer countries, they are moving to the economically developed countries which result in massive diaspora around the world.</p>	10 min											
Home work	<p>Write a summary of the passage.</p> <p>Answer: The passage deals with diaspora. It means living in abroad in a community.
